MEMORANDUM FOR: Deputy Director for Administration  
Deputy Director for Intelligence  
Deputy Director for Operations  
Deputy Director for Science and Technology  
Administrative Officer, DCI Area

FROM: Daniel A. Childs, Jr.  
Comptroller

SUBJECT: Status of Congressionally Directed Actions [REDACTED]

*Handwritten: 1/24/87*  
1. Our congressional committees continue to levy tasking on us that will be due when we submit our 1987 budget to the Congress in January. We recently received the Authorization Committees' conference report which includes yet additional tasking. (Excerpts from the conference report, most of which are covert action issues and are being sent to the DO only, are forwarded under separate cover.) [REDACTED]

2. The actions directed by the House Appropriations Committee that I included in my memorandum to you on 8 November remain under appeal. We do not expect any response from the Committee until late December. Nonetheless, we will have to be prepared to address these proposals very quickly to meet the Committee's deadline. [REDACTED]

3. I have attached a current list of outstanding congressionally directed actions that must be dealt with before the budget is sent to the Congress. Some of these, however, still require clarification and tasking from the Intelligence Community Staff. I have urged the ICS to act quickly in order to meet the Committees' deadlines. We need your responses to these actions in early January to prepare them for transmittal with the budget. As you are aware, the Committees have asked for a number of other reports that are due in early March. As that date draws closer, we will remind your staffs. [REDACTED]

4. It is important that we meet our deadlines to the Congress. Please let me know if my staff or I can assist you. [REDACTED]

[REDACTED]  
Daniel A. Childs, Jr.
